

Aiguillette des Houches

Located at the border of the Aiguilles Rouges de Chamonix, the Aiguillette des Houches provides, like the other tops of this range, a breathtaking view onto Mont Blanc. However, since this top is located somewhat apart from the busy place of Brévent, one can enjoy a relative quietness. And this holds true even if some persons are reaching this top starting from the cable car station.

The whole hike is performed along the summer paths and does not display any major difficulty. Only the last 200 meters, very steep for snowshoes, is bearing some difficulty.
