

## Golette and Emaney

The region of Salanfe is a favourite place for mountain hikes. In fact, the path between les Marécottes and the Salanfe dam is very busy because it is an enjoyable hike to be done with the family. The famous Luisin is also a preferred destination even if one can not no longer speak about hiking in this case.

Here we will cross the Golette, a small mountain pass that is located between Luisin and Sex des Granges. It enables from the Creusaz to reach the Salanfe basin. On the other side, we will pass by the former arsenic and gold mines before starting the steep climb towards Col d'Emaney. At the homonym Alp, I recommend the locally produced Tomme cheese: it's marvellous!!!
