

Crossing Môtiers – Ste. Croix

The altitude gain of this tour might seem very important. I can guarantee you that surprisingly; one does not especially feel these 1100 meters. This has probably to do with the fact that, except a short steep section in the gorge, the climbing is quite progressive.

Starting from Môtiers we will reach the vale leading to the gorges of Poëta Raisse. After a short and beautiful narrow section, we will reach the meadows smoothly climbing towards the top of Chasseron.
